1. At the DD/S&T Staff Meeting, 9 December, Mr. Blake noted that whereas the FY 66 DD/S&T total budget submission was in excess of [redacted] the BOB has recommended a cut totalling [redacted] within the Directorate. According to Mr. Blake, [redacted] of this cut has been accepted by the DD/S&T, and that Dr. Wheelon plans to contest the remainder of the reduced amount.

2. The point was then made, and underscored by Dr. Wheelon, that he does not intend to accept the BOB cuts, whatever their final figure is, by recommended line item; that is to say he will permit reprogramming as between line items within Office dollar allocations, in the event that there is disagreement with the place where the surgery occurred.
